SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-60650, 04/13/21, 1714 hours:** IERCC reported an inReach activation at 33.425453 by -116.605689, which plots to the Pacific Crest Trail just south of the Riverside / San Diego County line. The user reported that he had twisted his ankle and was having a difficult time making it back to his vehicle. San Diego Sheriff was advised and initiated a ground response, but the subject moved into Riverside County. Riverside County accepted jurisdiction and deployed personnel. Weather prevented using a helicopter. The subject's progress was monitored using the inReach device. Riverside County EMS and State Parks personnel met the subject at a trail crossing and treated his injury. **MISSION CLOSED**
- **2021-LAW-60603, 04/13/21, 1407 hours:** IERCC reported an inReach activation at 35.812125 by -116.188123, which plots to Death Valley National Park, Inyo County. The user reported a motorcycle accident with injuries. Additional information was received that emergency services had arrived and were treating the victim. **MISSION CLOSED**
- **2021-LAW-60596, 04/13/21, 1128 hours:** Los Angeles County requested SAR Mutual Aid in the search for an adult male missing since the previous day in the Angeles Crest area. The request was for 20 Type I personnel for an operational period beginning 04/14/21, 0730 hours. While coordinating resources the subject was located alive and well. Resources cancelled and mission closed. **MISSION CLOSED**

Cal OES MISSION TASKINGS

Cal OES Missions

- Nothing significant to report.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
